

# Our Current Hire fleet

## 4 X 35kVA 2 X 45kVA

- White in colour
- Perkins engines
- Leroy Somer alternators
- Deep sea 7310 controllers
- 1 X 63A + 2 X 32A 415V outlets with ELCB
- 3 X 15A 240V outlets with ELCB & hardwire facilities
- Lockable battery isolator
- Diverter valve and connection points for external fuel
- Heavy duty base with 300Lt fuel tank

## 1 X 100kVA

- White in colour
- Perkins engines
- Leroy Somer alternators
- Deep sea 7310 controllers
- 1 X 63A + 2 X 32A 415V outlets with ELCB
- 3 X 15A 240V outlets with ELCB & hardwire facilities
- Lockable battery isolator
- Diverter valve and connection points for external fuel
- Heavy duty base with 350Lt fuel tank

## 1 X 100kVA

- White in colour
- Perkins engines
- Leroy Somer alternators
- COMAP intelisys controller with intivision 8 screen
- 1 X 63A 415V & 2 X 32A 415V outlets with ELCB, Hard wire
- 3 X 15A 240V outlets with ELCB
- 50-60Hz switch
- ELCB ON/OFF switch
- Voltage Potentiometer
- lockable battery isolator
- Heavy duty skid with 350Lt fuel tank with baffles and mechanical fuel level indicator
- bund alarm
- Automatic fuel refilling kit with (manual pump, electric pump, 4 level fuel sender, electronic controller for managing refilling) & diverter valve for external fuel tank hook up
- Racor fuel filter with water separator
- Oil kit with oil tank, frogs eye and oil extraction pump
- Openable door bolted on alternator and radiator ends
- window to see ELCB switch status

## 2 X 300kVA

- White in colour
- Cummins engines
- Leroy Somer alternators
- COMAP intelisys controller with intivision 8 screen
- Hard wire
- 50-60Hz switch
- ELCB ON/OFF switch
- Voltage Potentiometer
- lockable battery isolator
- Heavy duty skid with 1000Lt fuel tank with baffles and mechanical fuel level indicator
- bund alarm
- Automatic fuel refilling kit with (manual pump, electric pump, 4 level fuel sender, electronic controller for managing refilling) & diverter valve for external fuel tank hook up
- Racor fuel filter with water separator
- Oil kit with oil tank, frogs eye and oil extraction pump
- Openable door bolted on alternator and radiator ends
- window to see ELCB switch status
- 67.7 db @ 7 M / 100% Load

## 2 X 500kVA

- White in colour
- Cummins engines
- Leroy Somer alternators
- COMAP intelisys controller with intivision 8 screen
- Hard wire
- 50-60Hz switch
- ELCB ON/OFF switch
- Voltage Potentiometer
- lockable battery isolator
- Heavy duty skid with 2000Lt fuel tank with baffles and mechanical fuel level indicator
- bund alarm
- Automatic fuel refilling kit with (manual pump, electric pump, 4 level fuel sender, electronic controller for managing refilling) & diverter valve for external fuel tank hook up
- Racor fuel filter with water separator
- Oil kit with oil tank, frogs eye and oil extraction pump
- Openable door bolted on alternator and radiator ends
- window to see ELCB switch status

## 2 X 500kVA

- White in colour
- Perkins engines
- Leroy Somer alternators
- COMAP intelisys controller with intivision 8 screen
- Hard wire
- 50-60Hz switch
- ELCB ON/OFF switch
- Voltage Potentiometer
- lockable battery isolator
- Heavy duty skid with 2000Lt fuel tank with baffles and mechanical fuel level indicator
- bund alarm
- Automatic fuel refilling kit with (manual pump, electric pump, 4 level fuel sender, electronic controller for managing refilling) & diverter valve for external fuel tank hook up
- Racor fuel filter with water separator
- Oil kit with oil tank, frogs eye and oil extraction pump
- Openable door bolted on alternator and radiator ends
- window to see ELCB switch status

## 1 X 1250kVA Whisper Box

- 20Ft container white in colour
- Cummins engines
- Leroy Somer alternators
- COMAP intelisys controller with intivision 8 screen
- Hard wire
- Ambient Temperature 59 °C at continuous rating
- Our Whisper Box's cooling system; thanks to its special multiple fans' electric radiator with VSi (Variable Speed inverter) technology manages the flow of cooling air in an innovative way.

## LED Lighting Towers

### 4 x HLL968PK

- Hydraulic mast made of galvanized steel
- Maximum height 9 m
- Rotation 350°
- Fast and automatic deployment with safety system
- 140 litres fuel tank
- Noise level 60 dB(A)
- Liquid bunding
- 4 deploying stabilizers
- Perkins Engines
- 2000W(Total)
- Manual Regulation

### 1 x HLL968PK

- Hydraulic mast made of galvanized steel
- Maximum height 9 m
- Rotation 350°
- Fast and automatic deployment with safety system
- 140 litres fuel tank
- Noise level 60 dB(A)
- Liquid bunding
- 4 deploying stabilizers
- Perkins Engines
- 2000W(Total)
- Electrical Regulation

**We are constantly adding new equipment to our fleet portfolio so our please use this brochure as a guide only. Please contact us directly with your requirements.**
